

Connected Quizzing

The Easy-to-Use Formative Assessment Tool to Enhance Learning

Connected Quizzing is a new, easy-to-use formative assessment tool available on **Casebook Connect**, the same platform you already use to access your Aspen Publishing casebooks and coursebooks.

Get Started Today and Receive Meaningful Feedback

- Log in to **Casebook Connect** and enter your **Connected Quizzing** access code. If you don't have an access code, you can purchase access at [AspenPublishing.com/CQ](https://www.aspenpublishing.com/CQ). The **Connected Quizzing** icon will appear on your dashboard. Then enter the class code provided by your professor.
- You will receive a notification on your **Casebook Connect** dashboard and by email when a quiz is assigned by your professor during the semester.
- Each quiz features high quality assessment questions aligned to course topics and reviewed by faculty. Taking each quiz as assigned is an effective way to improve your understanding of the topics covered, and retain the information longer.
- Once the assignment has ended, click on the quiz to view powerful, detailed reporting that lets you identify your strengths and weaknesses by topic and compare your results to your classmates. Make sure to review the correct answer and rationale for each question to maximize your learning. For extra help, refer to the recommended reading keyed to your textbook or use the green Help Center button found on all **Connected Quizzing** pages for additional support.
